

## TESTIMONIALS

### Who knows comfort better than our customers?

Customer feedback is essential to our business. We appreciate every word and use your insight to construct the most comfortable klog your feet will ever experience. But don't just take our word for it. Here's what our customers have to say:

I manage a busy urgent care clinic that requires me to stay on my feet a lot. I wear my klogs everywhere, at work with my scrubs, and with my jeans on weekends. They're so stylish. And even better, on rainy days when they get muddy, I hose them off and they look just like new.

Thanks for your great product!

After slipping and sliding around the kitchen at the school where I am employed, a friend suggested I try Klogs® with their no-slip sole. Wow...what a difference! I was not disappointed with their performance. I scurried around as if the floor was bone dry!

I also use them for gardening or whenever I have to be on my feet for an extended period of time. Clean-up is a snap! I won't buy any other than the KLOGS brand!

I have been wearing Klogs® new leather style for the past few months. They are extremely comfortable! I am able to wear them for a full day of running errands, working, or playing and never even think about my feet being sore.

Keep up the great work.

Thank you for creating a shoe that is actually worth what I paid. I bought a plain black clog...I wore them when I went ice fishing with my husband. Even with my heels exposed, I didn't feel the cold at all while standing on the ice. I know I'll find more of your products that will be the perfect shoe for me!

What fabulous workmanship.
