

KOMFORT FOOTBEDS

Our Komfort Footbeds Give Foot Stress a Rest

KLOGS®-USA footbeds provide comfort and shock absorption in all footwear styles. The footbeds are designed with ample arch support and a contoured heel cup to reduce foot stress. KLOGS®-USA quality replacement footbeds will help to protect your feet by providing better cushioning and increased pressure distribution. They are light-weight, odor resistant, anti-microbial and can be used in any brand of shoe. All KLOGS®-USA products come with removeable and replaceable footbeds that are latex free.

WHITE RENEW APPLICATOR

Finally! A product that will help keep your white KLOGS looking like they just came out of the box.

This product adheres beautifully to all KLOGS® – USA polyurethane and leather styles.

Simply wipe the white renew finish onto your klog, using the built-in applicator, and watch the dirt and scuff marks disappear.

Instant White Renew will return your KLOGS to their natural white color in one to two applications.

KLOGS INSTANT WHITE RENEW instantly covers streaks, dirt, and grime to make your scuffed KLOGS look new again!

Even the toughest shoes can attract dirt and scuff marks over time.
